

Implant Surgery

1. You may experience some discomfort and bleeding the day of the surgery.
2. Take all the medications as they were prescribed with food.
3. Apply an ice bag on your face over the surgical site on the day of surgery for 10 minutes on and 5 minutes off.
4. DO NOT touch your lip with your fingers to inspect the treated area.
5. DO NOT brush teeth near the surgical site. Brush teeth in the rest of your mouth.
6. There is often a temporary loss of feeling in the operated area and the tooth/ teeth may feel loose.
7. Do not smoke, spit or use a straw on the day of the surgery (avoid smoking for 5 days after the surgery).
8. **Should any difficulties occur, do not hesitate to call our office (231-347-8899).**

Dr. Ellsworth can be reached on his emergency line at 231-392-1961
